University Exploratory Studies Program (UESP)
(Waldo Hall 102, 541-737-8144)
New and current OSU students have the option of being undeclared while they explore possible majors. UESP advisors help students to clarify interests, values, and abilities and to reflect upon university experiences as they relate to major options at OSU. UESP does not grant degrees but can be a temporary academic home for students until they are ready to declare a major.

*Pre-Medical Studies at OSU

Students wishing to become physicians (M.D. or D.O.) can complete an undergraduate degree in any field of study, but they must take and finish certain required science and liberal arts courses as undergraduates prior to applying to medical school. Med schools accept students from diverse academic backgrounds, but admission is competitive. Pre-med students might choose from majors in the colleges of Science (Biochemistry/Biophysics, Biology, Chemistry, Microbiology), Engineering (Bioengineering, Chemical Engineering, Radiation Health Physics), Public Health and Human Sciences (Nutrition & Exercise Science, Public Health, Human Development & Family Sciences), Agricultural Science (BioResource Research), or Liberal Arts (English, Psychology, Philosophy, Spanish).

*Pre-Pharmacy at OSU

As with Pre-Med, students interested in becoming pharmacists (Pharm.D.) can pursue an undergraduate major as long as they meet the necessary prerequisites for Pharmacy School (which is also very competitive). OSU undergrads are lucky in that there is great College of Pharmacy right here on campus where they can get more information about becoming a pharmacist.

*Pre-Nursing at OSU

While OSU does not offer a BSN (Bachelor of Science in Nursing), there are ways that students can prepare themselves for such a path at OSU. In the past, students sometimes simply pursued prerequisite work at OSU before transferring elsewhere to finish the BSN. However, due to the highly competitive nature of nursing programs and the related job market, it has become much more common for students to complete a bachelor’s degree at OSU before attempting to join a nursing program. This avenue honors the students’ nursing interest, while also preparing the student for options and opportunities outside of nursing. Majors in the Colleges of Public Health & Human Sciences and the College of Liberal Arts are common choices for fit with this interest. Students might also pursue a major in the College of Science, but will not find “pre-nursing” listed amongst the options.

International Degree
(Bexell 214, 541-737-0561)
The International Degree (ID) allows interested undergraduate students the opportunity to explore the international dimensions of their education. The International Degree is not currently accepting new students at this time.

Oregon State University Honors College
(Leaning Innovation Center 450, 541-737-6414)
The Honors College (HC) gives talented students a chance to enrich their OSU education through challenging curricula, personal attention, and enhanced learning experiences. The HC offers small classes taught by OSU’s finest faculty, specifically selected for their teaching abilities. Through seminars, colloquia, and their own thesis research, students enjoy the benefits of a small college within a large, diverse, and comprehensive university. Students enrolled in the HC can pursue any of OSU’s undergraduate majors. Students who complete the requirements of the HC receive OSU’s most prestigious undergraduate academic recognition: an honors baccalaureate degree in their major, jointly awarded by the HC and the college that houses their primary major. Admission is competitive — only a small percentage of all entering students join the Honors College and space is limited. Admissions decisions are based on GPA, SAT or ACT score, and an essay response. High school applicants must have a min. cumulative un-weighted GPA of 3.75 GPA or a score of 1300 (new) SAT (1820 SATs prior March 2016) or ACT=27 for consideration by either the Nov. 1 or Feb. 1 deadline. Transfer Students and current OSU students with a minimum 3.5 college GPA may also apply by the March 15 deadline.

OSU Colleges & Majors: Head Advising Office Location and Phone in Parentheses
Options within specific majors listed in italics

College of Public Health & Human Sciences
(Women's Building 105, 541-737-8900)
PHHS School of Social & Behavioral Health Sciences
Public Health
  Health Management & Policy
  Health Promotion & Health Behavior
Human Development and Family Sciences
  Child Development
  Human Services
General Option

PHHS School of Biological & Population Health Sciences
Kinesiology
  Pre-Therapy & Allied Health
Nutrition
  Dietetics
  Nutrition Health Science
  Nutrition & Foodservice Systems

College of Science
(Kidder Hall 109, 541-737-3854)
Chemistry
  Advanced Biochemistry
  Advanced Chemistry
  Biochemistry
  Business Chemical Engineering
  Chemistry Education
  Environmental Chemistry
  Forensic Science
  Materials Science
  Pre-Medicine/Chemistry
Mathematics
  Secondary Teaching Emphasis
  Statistics
  Applied and Computational Mathematics
  Mathematical Biology
Physics
  Applied Biological
  Chemical Computational
  Geophysics
  Mathematical Optical Education

COS School of Life Science
Biochemistry/Biophysics
  Advanced Molecular Biology
  Pre-Medicine
  Computational Molecular Biology
BioHealth Sciences (Pre-professional Programs)
  Clinical Lab Science
  Dentistry
  Optometry
  *Pharmacy
  Physical Therapy
  Pre-Medicine
  Physician Assistant
  Podiatry
Biology
  Genetics
  Marine Biology
  Ecology
  Pre-Medicine/Biology
  Pre-Dentistry/Biology
  Pre-Education/Biology
  Pre-Veterinary/Biology
Microbiology
  Pre-Medicine/Microbiology
Zoology
