OSU Colleges & Majors: Head Advising Office Location and Phone in Parentheses

Options within specific majors listed in italics

**College of Public Health & Human Sciences**
(Women's Building 105, 541-737-8900)

**PHHS School of Social & Behavioral Health Sciences**

- **Public Health**
  - Health Management & Policy
  - Health Promotion & Health Behavior
- **Human Development and Family Sciences**
- **Child Development**
- **Human Services**
- **General Option**

**PHHS School of Biological & Population Health Sciences**

- **Kinesiology**
- **Nutrition**
  - Dietetics
  - Nutrition Health Science
- **Nutrition & Foodservice Systems**

**College of Science**
(Kidder Hall 109, 541-737-3854)

- **Chemistry**
  - Advanced Biochemistry
  - Advanced Chemistry
  - Biochemistry
  - Business Chemical Engineering
  - Chemistry Education
  - Environmental Chemistry
  - Forensic Science
  - Materials Science
- **Mathematics**
  - Pre-Medicine/Chemistry
- **Physics**
  - Applied Biological Chemistry
  - Computational Mathematics
  - Mathematical Biology

**COS School of Life Science**

- **Biochemistry/Biophysics**
  - Advanced Molecular Biology
  - Pre-Medicine
  - Computational Molecular Biology
- **BioHealth Sciences (Pre-professional Programs)**
  - Clinical Lab Science
  - Dentistry
  - Optometry
  - **Pharmacy**
  - Physical Therapy
  - Pre-Medicine/Pre-Podiatry
  - Physician Assistant
- **Biological Sciences**
  - Genetics
  - Marine Biology
  - Ecology
  - Physiology & Behavior
- **Pre-Medicine/Biology**
- **Pre-Dentistry/Biology**
- **Pre-Education/Biology**
- **Pre-Veterinary/Biology**
- **Microbiology**
- **Pre-Medicine/Microbiology**
- **Aquatic Microbiology**
- **Zoology**

**University Exploratory Studies Program (UESP)**
(Waldo Hall 102, 541-737-8144)

New and current OSU students have the option of being undeclared while they explore possible majors. UESP advisors help students to clarify interests, values, and abilities and to reflect upon university experiences as they relate to major options at OSU. UESP does not grant degrees but can be a temporary academic home for students until they are ready to declare a major.

**Pre-Medical Studies at OSU**

Students wishing to become physicians (M.D. or D.O.) can complete an undergraduate degree in any field of study, but they must take and finish certain required science and liberal arts courses as undergraduates prior to applying to medical school. Med schools accept students from diverse academic backgrounds, but admission is competitive. Pre-med students might choose from majors in the colleges of Science (Biochemistry/Biophysics, BioHealth Sciences, Biology, Chemistry, Microbiology), Engineering (Bioengineering, Chemical Engineering, Radiation Health Physics), Public Health and Human Sciences (Nutrition & Kinesiology, Public Health, Human Development & Family Sciences), Agricultural Science (BioResource Research), or Liberal Arts (English, Psychology, Philosophy, Spanish).

**Pre-Pharmacy at OSU**

As with Pre-Med, students interested in becoming pharmacists (Pharm.D.) can pursue any undergraduate major as long as they meet the necessary prerequisites for Pharmacy School (which is also very competitive). OSU undergrads are lucky in that there is great College of Pharmacy right here on campus where they can get more information about becoming a pharmacist.

**Pre-Nursing at OSU**

While OSU does not offer a BSN (Bachelor of Science in Nursing), there are ways that students can prepare themselves for such a path at OSU. In the past, students sometimes simply pursued prerequisite work at OSU before transferring elsewhere to finish the BSN. However, due to the highly competitive nature of nursing programs and the related job market, it has become much more common for students to complete a bachelor’s degree at OSU before attempting to join a nursing program. This avenue honors the students’ nursing interest, while also preparing the student for options and opportunities outside of nursing. Majors in the Colleges of Public Health & Human Sciences and the College of Liberal Arts are common choices for fit with this interest. Students might also pursue a major in the College of Science, but will not find “pre-nursing” listed amongst the options.

**International Degree**
(Bexell 214, 541-737-0561)

The International Degree (ID) allows interested undergraduate students the opportunity to explore the international dimensions of their education. The International Degree is not currently accepting new students at this time.

**Oregon State University Honors College**
(Learning Innovation Center 450, 541-737-6400)

The Honors College (HC) gives talented students a chance to enrich their OSU education through challenging curricula, personal attention, and enhanced learning experiences. The HC offers small classes taught by OSU’s finest faculty, specifically selected for their teaching abilities. Through seminars, colloquia, and their own thesis research, students enjoy the benefits of a small college within a large, diverse, and comprehensive university. Students enrolled in the HC can pursue any of OSU’s undergraduate majors. Students who complete the requirements of the HC receive OSU’s most prestigious undergraduate academic recognition: an honors baccalaureate degree in their major, jointly awarded by the HC and the college that houses their primary major. Admission is competitive — only a small percentage of all entering students join the Honors College and space is limited. Please check Honors College website for most up-to-date admission criteria.
